

AUSTRALIAN FIGHT PROMOTERS ARRIVE

'Snowy' Baker and 'Mother Howe After Best in the World.'

By W. W. NAUGHTON. By International News Service.

By International News Service.

SAN FRANCISCO, Jan. 29.—Two Australian liners came into port this morning and two rival Australian promoters stepped ashore. But there was no undue excitement over the occurrence.

The two men who have come such a distance in quest of American puglistic talent did not tear up the street shouting to unemployed bruisers to gather around and listen to the unprecedented offers that it was desired to place before them. Each of the gentlemen from "furrin parts" knew that the other was around and each preserved a calm untalkative demeanor. Possibly when they get their bearings the words will fiv.

As between the two men, "Snowy" Baker and "Billy" Howe, the former is the bigger figure in the world of sport. He has won fame both as a match biandler and as a referee and his standing in his home city—Sydney—is attested in more ways than one.

For instance, the cablegram of a few days ago addressed to the writer and meant for boxers at large. It was signed by ring men of all nations at present congregated in Australia and it advised glove nielders to do business with friend "Snowy" if they contemplated a trip to Australia.

Baker Is Prominent.

Then there was that "citizens' banquet" to Baker prior to his taking the steamer for this end. Like all British banquets, it began with the saying of grace and ended with the singing of "the national anthem" but in between such complimentary things were said about "our enterprising feilow citizen" that "Snowy's' cheeks must have burned and his ears must have tingled. And who do you think presided? No less a dignitary than the lord mayor of Sydney.

Such is fame. But while "Mother" Howe may be snowed under when it comes to presenting credentials, he may have that at his command which will place him on an even keel with friend "Snowy," for this above all ages is an age when money talks.

For a few days Howe and Baker will rest and look over the ground. Then they will begin to hid. And the one who bids the higher will command the more attention, providing he is backed by the right kind of securities and providing, further, he can show the fellows he is after that they can get more money by going abroad than they can by remaining at home.

Baker says he is after the best in the

at home.

Baker says he is after the best in the market. Howe says the same. Baker says he will be satisfied if he signs up a small number of really good men. Howe delivered himself of similar sentiments. Baker says that when he unfolds his plans the men he seeks to deal with will be more than satisfied that the offers are genuine. Howe expresses himself so similarly that his words seem an echo of "Snowy's."

And so matters sland until hidding he.

And so matters stand until bidding begins.

One of the passengers returning from Australia by the Sierra had some interesting things to tell about the Eddie McGoorty-Dave Smith match at Sydney on New Year's day. Smith, it will be remembered, was knocked out in quick order by McGoorty once before in New York. Dave said it was McGoorty's Tong left rip" that did the trick and that McGoorty would not be able to repeat the performance in a thousand years. And so matters stand until bidding be-

McGoorty Smith's Master.

"You could tell that McGoorty had the Indian sign on Smith when they came from their corners in the Sydney match," said the mas who came back by the Sierra. "Pave came to the scratch with his right guard held high and he looked anything but confident. McGoorty, on the other hand, was as cool as a cu-cumber, even though it was his first match in a strange country. As Eddle left his chair, he found that his belt was loose and he beckened to one of his seconds to come and tighten it. "He turned his back on Smith and kept him waiting perhaps half a minute. And take it from me, this did not improve Smiths chances. Dave was fideety and some of his friends said later that it was all a trick of McGoorty's to rattle Smith. "Anyway when the referee Grailly many came of his friends said later that it was all a trick of McGoorty's to rattle Smith."

Alumni Supervision of 'U' Coaching System.

The plan of the University of Utah alumni to create a committee of alumni to supervise the coaching at the university, and which was submitted early in the week to President Kingsbury, has been referred to the committee of the board of regents on student activities and has passed that body.

The University of Utah will meet the Brigham Young college of Logan in the first intercollegiate basketbal game of the season in the university gymnasium this evening. The B. Y. C. has not yet gained full college standing in Utah and

McGoorty walked appoints the seven men to compose the close to Smith and knocked him kicking with the same left swing that accomplished the New Zealander's downfall in New York. C. team who have played in college ball for four years each and who are among the best players in the state. All season they have been working well together and Coach Jensen says that his team is a better aggregation even than the one representing the Aggies.

Peterson, who plays center for the Logan team, has been conceded by many to be the best center in the state for the past three years, not excluding Len Romney, Howard Crookson and Verne Greenwood.

Wright and Tolman, the B. Y. C. forwards, are also veterans, and play great hall. Neither is very large, but both are sure on their long shots at the baskets and their speed makes them very clusive. Barron, one of Jensen's guards, has also had a long period of college activity and is a strong man for a forward to get around. I. Tolman plays the other guard and is reported to be fast and tenacious. To begin with Beal and Udy will play forwards for the university tonight. Stung by deserved criticism and ridicule, the bantamweight champion promises to come to the coast and defend his title against the winner of the scheduled twenty-round go between Johnnie Williams and Eddie Campi, which takes place Saturday afternoon in the Vernon arena of the Pacific Athletic club.

H. M. Walker, Los Angeles Examiner.—Reports sent west do me much injustice. Boxed Sinnett with broken hand after fourth, otherwise would have scored a knockout sure. You must consider that this was my first bout in six months.

Regarding Williams-Campi bout being for championship—how can it be done? I won title by defeating every bantamweight that had a claim to it. Once before was my title disputed when Mr. McCarey hung up diamond belt for winner of Atteil-Coniey bout. Later I twice whipped Conley, proving conclusively that I was champion.

I will box the winner of the Campi-Williams battle, but insist that I be given a chance to get into condition. I need a couple more short bouts, then me for California.

a small town trick of this nature.
Coulon's right to the bantamweight title is not disputed.
Criticism of Johnnie has been because of the fact that for more than a year he has ignored high-class men like Williams. Campi and Ledoux and refused to defend his title.
If Johnny will step out in the open and behave like a champion he will be treated with all the respect due his position. Otherwise he must expect to hear some uncomfortable mention of himself.

WAR TO CONTINUE BIG RELAY RACE TO TO DEFEND HIS TITLE IN 1915, SAY 'FEDS'

Resumed When Contracts Expire.

CHICAGO, Jan. 29.-War between the Federal league and organized baseball new circuit into the fold, according to Secretary Lloyd Rickart of the Federals. Rickart asserted that the Federals would continue next year their raids on the players now with organized baseball whose contracts expire at the end of the season. There are enough of these to cripple the big leagues more seriously than the present raid, if they jump, the secretary said.

The situation at the end of the season will be such as to force recognition from the American and National leagues, and as a third big league the Federals will operate on equal terms with the others in 1915, its promoters believe.

Manager Evers of the Chicago Nationals, who reported at headquarters today after a tour of the south, announced that three-game series between the Cubs and the St. Louis Americanswould take place at Tampa, March 4, 5 and 8, with a return engagement at St. Petersburg, Fla., later.

The signing of Fred Beck, formerly with the Boston Nationals and last year with the Buffalo Internationals, rounded out today, in Manager Tinker's opinion, a "big league team" for the Chicago Federals.

Beck will probably play first base, with Kading, last year with the local Federals, as his understudy. Tinker's catchers, so far as given out, are Owen, Washington; Allen, a local player, and Mulvaney of Cincinnati, with Killifer still claimed.

Hendrix, Plitsburg: Brennan, Philadelphia; Camnitz, Philadelphia; Packard, Cincinnati, and Lange, a local man claimed by the Chicago Americans, will be the main reliance among his pitchers.

Somers Goes Home.

President Somers of the Cleveland Americans concluded a long visit here today and returned to Cleveland, where he expected to confer with Manager Birmingham regarding the defections among his players.

The Chicago Nationals today received the signed contract of Herman Bronkie, third baseman, who was drafted from the Toledo American association club. Charley Smith, the pitcher, reached town today and signed a one-year contract with the Cubs.
